Robinhood Archery Club Newsletter

July 26, 2009

It is late July now and the John C Fremont Days tournament is over. I want to thank everyone who volunteered in any way to help make this our best tournament this year. It was nice to finally be able to use the entire course. We can take a break through August and wrap up our 3-d season on September 13, just in time for Archery deer season beginning September 15.

With deer season coming up in less than 2 months, now is the time to get out and set up stands, clear shooting lanes, put out your trail cameras, plant food plots, and all that other stuff that goes with hunting season. With all the deer all spotted, their travel patterns figured out, it should be pretty easy to bag that big deer you've got all figured out. Don't forget to practice shooting. If you have changed anything on your hunting setup you will have to sight in your bow again. If you haven't shot on a regular basis you will have to build up your shooting muscles again. Now is the time to practice and get back in shape. It also gets you familiar to hooking up your release, and drawing as second nature so you can stay focused on your target and not on pre-shot preparation.

There are many opportunities for practice, the range at Monnich Park has the new target butts up and they are getting used on a regular basis now, the outdoor league at Camp Eagle is always in need of new faces and club members can use it at times other than league dates, just remember to sign in at Tom's house and no shooting Friday, Saturday or Sunday before noon. The range at Camp Eagle will be open until early September so plan accordingly.

Bowhunter Education classes are coming up soon, so get your young bowhunter signed up now, classes are Aug 10,11,13 call 727-2811 Fremont City Parks and Recreation is sponsoring these classes and are run by our club members. You must attend all 3 classes to get your certificate.
