

Nocks and Tips

Robinhood Archery Club Newsletter

May 23, 2010

Hello club members; Another month has gone by and it's time for another newsletter. It seems like summer has arrived with the 90 degree temps the last couple days. I hope it doesn't just get hotter as we move into the really hot months.

I hope everyone's turkey season went well. I am amazed at the number of birds I see around when on my daily travels. I wish I had more spare time so I could get out hunting them. I didn't even get a license this spring. Maybe next year I won't be as busy.

As many of you know, our club is helping sponsor the Rinehart R100 coming to Branched Oak Lake July 10-11,2010. Gene Metschke, and I have already volunteered to help with this but each club needs to supply around 6 volunteers to help with registration, concessions course marshals and general help as needed. That is where the rest of you club members come in. If you would be interested in helping out on one or both days or maybe even setup earlier in the week leading up to the event drop me a line or I'll have to start calling and begging for help. This doesn't seem to be a lot of physical work for anyone on the days of the event, setting up the range on Thursday and Friday may be the hardest days but with all 4 clubs each supplying the manpower it shouldn't be all that bad. Less work than putting on our own 40 target 3d event, I believe. We will be getting a share of the proceeds so it will be a chance for the club to make a little money for a few days work. I know I can count on our club members to hold up our end of putting this great event on and seeing first hand one of the biggest archery events to come to our area in a long time.

Other things going on before that will be the Kids league at Monnich Park starting in June on Thursday nights. Outdoor 3d league is going on at Camp Eagle every Wednesday night at around 6 P.M. June 13 we will be having another 3d at Calvin Crest so there is plenty going on with the club this summer.

Our next club meeting will be Tuesday night 7 P.M. at the indoor range. That is all for this month.

Have a safe Memorial Day weekend and thank a Vet for all they did for our country
