

Noc's and Tips

Robinhood Archery Club Newsletter

Oct 22, 2011

Hello club members;

This month is when your club dues come due, We are having our regular club meeting this Tuesday night at 7 PM and you can pay your dues and get your new key to the front door. The lock will be changed after the meeting, so if you want to use the range any time soon, you should plan to attend the meeting. Everyone should have gotten notice of this in an email 3 weeks ago It all goes pretty smoothly so it doesn't take to long.

How is bowhunting going for you? I've talked to some members that have bucks and does in the freezer and others who haven't been out yet. I've been out 2-3 times per week and am starting to tell that fall is finally here, crops and being harvested, leaves are falling, scrapes are showing up in the woods and we've finally had a frost. I'm really looking forward to hunting the next couple weeks as the rut kicks in.

Back to club news. The day after our last meeting I got a phone call from Strong's attorney and he had a settlement check ready for me to pick up which was within a couple hundred dollars of what we believed was taken so after another emergency meeting of the Board of Directors we decided to take the settlement offer. I deposited the money a few days later.

All the fall leagues are going now but it's not to late to start. That means adults shoot Monday nights at 7 pm, beginner kids Thursday nights at 6:30 and JOAD on Friday at 7 pm. I went to the 3d schedule meeting a few weeks ago now and got our schedule set up. We will be hosting 3d's on April 22,2012, June 17, 2012, July 14-15, 2012 JC Fremont days, and Sept 9, 2012. The weekend before archery deer season starts .I'll be going to another meeting in a few weeks to get the indoor target and state shoots all scheduled. We will have these schedules available at the range when we get them from the printer.

Remember to stay safe when out hunting and have fun this fall.

Yours Truly

Dave Kerschinske
