

# Noc's and Tips

December 27, 2009

Merry Christmas and Happy New Year to all of you.

I hope everyone had an enjoyable Christmas this year, celebrating our Savior's birth. It is also a time for families to join together and enjoy a meal and some good times together. I know the weather probably played a big role this year in your Christmas travels and I hope everyone made it safely wherever they had to go, I am very lucky not having to leave town to have Christmas.

As you may remember from past newsletters I have been keeping track of the deer harvest among club members and personal friends. The number now stands at 73 deer and 3 turkeyies. About 25 of these are rifle or muzzle loader kills. Another friend of mine has been keeping track of the deer harvest along a section of the Platte river between Fremont and Cedar Bluffs, some of his numbers are on my list and vice versa and he has about 75 deer on his list. That is some pretty impressive numbers. Last month I called this group of hunters just average guys and gals that like to hunt a lot and no Super hunters, Well I humbly apologize to you Super hunters out there for not recognizing true greatness when I see it. I could probably learn a lot from you. We still have the late doe season left to add to these numbers, so let me know how it goes and next month I'll give you the year end totals.

Something I completely forgot about last month was announcing club elections which are held in December, I haven't heard of anyone wanting to give up their position or anyone wanting to run for office but it will be brought up at our next meeting on December 29, 2009 at the indoor range at 7:00 P.M.. This would be a great opportunity for you to exchange your old key if you haven't done so already, as the lock was changed after the October meeting.

The **Annual Banquet** is set for Sunday evening January 24, 2010, 6:00 P.M. start. Last month we decided we'd have soup again like last year, we have 3 different soups being made and everyone else can bring salads, desserts, rolls or something. Pop, water will be provided. We have a good time socializing and it is nice to meet the families of all the members, so bring your wife and kids if you'd like.

Something we will decide at Tuesday's meeting is the schedule for the late winter indoor leagues. I am planning on having the animal league return to the lineup now that bow season will be over soon. We will shoot at 15 different paper animal targets and to start things off, I'll make sure that all the high scoring areas are in conventional kill zones.

Thank you for letting me serve this past year as your president and thanks for all the help you have given me. I hope I have done a good job.

That is all for this month. Shoot straight and shoot often.

Dave Kerschinske
