

# Noc's and Tips

## Robinhood Archery Newsletter

Nov 5, 2010

Hello club members;

It is Early November and the time all deer hunters look forward to, it's the rut. I hope everyone is having success in their hunting so far this year, From the people I've talked to all is going well with many wishing for colder weather. For me it has been cold enough, I don't want another winter like last year's. I have been hunting several times a week since the season opened and have one deer in the freezer so far and hoping for more. Deer sightings have been down some from years past but I'm still looking forward to each outing. It's just real cool to see all the other animals and birds in their habitat going about their daily lives.

At our October meeting we had pretty good luck in getting memberships renewed this year and saved a lot on postage so we will continue with sending out membership forms on the internet. If you haven't renewed your membership yet you can get hold of Ed Altmanshofer or me and we will get the records straight that you've paid up and get you your new key to get in, remember we change the lock every October. I am at the range on Monday and Friday evenings from 7 pm until about 8:30 pm and can help you in any way I can.

At the last club meeting we agreed to have the banquet again and Jan 15, 2011, probably around 6-6:30 pm, is the date, Everyone enjoyed the soup and side dish menu we had last year so plan on attending and bringing a side dish, we already have 3-4 kinds of soup being made but if you have the world's best soup recipe make some and bring it along, we will gladly eat it up... We will hand out some awards and prizes and all have a good time.

Good luck hunting everyone and send some pictures of your deer to me or Chris Johannesen to put on our web site.
